

Family Care KIDS

Confidentiality Statement

2021 - 2022

We value confidentiality for our families and staff and will strive to maintain that as is possible. From time to time, it could be necessary for school administration and teaching staff to discuss a particular child or group of children for the benefit of the group or an individual. We do this in a private setting with a strict understanding that it is private and privileged information and not to be shared with others without the express permission of the Director. All our enrolled children's files are kept locked in the school office. Child observations and assessments are transmitted only to the parent through the parent APP with Kaymbu.
